**Online-Individual-Coachings** are highly personalized, adapting to the individual and the specific topic at hand. Centered around your unique requirements, the essence of individual coaching lies in fostering your transformation and spiritual growth.

### Course of Action

Please bring your topic, emotions, emotional blockages, or situation to the session. There is no need to verbally articulate the issue. All you need to do is access the emotions you want to transform. This will bring you direct relief and relaxation regarding your selected topic. Through this process, you will feel an increase in life energy, leading to a better quality of life.

The focus is on you and your transformation, hence the course of each session varies. It can involve coaching conversations, coaching with Shaktipat meditation, or be complemented by addressing individual topics. The approach is customized to address your specific concerns, aiming to transform them or minimize them to facilitate easier handling. Often, underlying issues that are more constraining or limiting come to light during the session. In such instances, they are promptly addressed and solved.

### Duration & Compensation

As a rule of thumb, 60 –90 minutes are sufficient for individual coaching. The compensation is CHF 170/hour.
